Dear Member,

I am pleased to provide you details of an important new Fraternal Order of Police benefit program; one I know will provide significant and unique benefits to you and your family.

As part of a growing trend, this year over one million Americans will make their funeral arrangements ahead of time. They recognize such advance planning is a responsible, loving thing to do for their loved ones. Many of us, unfortunately, tend to procrastinate and do nothing, leaving our families emotionally and, in many cases, financially unprepared to handle this difficult situation when a death occurs.

We partnered with Givnish Family Funeral Homes on this "Planning Program" for our members because we do not want our families to face a member's death unprepared. Additionally, the Fraternal Order of Police has negotiated with Givnish Family Funeral Homes to extend the program benefits and discounts to friends and family members of the Fraternal Order of Police members as well. This program will give you ample reason to act now, to make plans, and provide protection for your family.

Our program provides several key benefits, including:

- A **significant discount** for our members and their families on their funeral plans;
- A simple enrollment process. No health questions, no medical exams.
- Low monthly savings plan;
- Simplified arrangements recorded and kept on file at a Preferred Provider Network funeral home until the day they are needed most by your survivors.

As a fellow FOP member, I urge you to take advantage of this first of its kind Planning Program. For more information, please visit [www.lifecelebration.com](http://www.lifecelebration.com), or you may contact a Life Celebration representative at (800) 448-6474.

Respectfully,

Robert V. Eddis
